05

FN+

1. **Ins:** Enter the normal light mode

Press again to game lighting mode (when you select any game mode);

Press again to breathing light mode;

The backlight keeps on. When a keypad is pressed, the backlight LED of the corresponding keypad will be off. When the keypad is released, the backlight of the keypad will fade away.

2. **Home:** Enter the Point Color mode

The whole backlight is off. Each time a keypad is pressed, two light waves are scattered to the surrounding from the center.

Press again to enter the Imminent mode

The whole backlight is off. Each time a keypad is pressed, lightening up the row that the pressed keypad belongs.

Press again to enter the Key Ripple mode

The whole backlight is off. When a keypad is pressed, the backlight LED of the corresponding keypad will be lit. When the keypad is released, the backlight of the keypad will fade away.

3. **Page up:** Enter the Flowers and Riches mode

The scrolling backlit starts from the the top left to reach the center "O" key, and then enlarges to the whole keyboard.

Press again to enter the Racing Lights mode

The backlight, starting from the ESC key row, moves from left to right to and fro.

4. **Delete**: Enter the Drift1 mode

The backlight moves from left to right in an orderly manner, as if it were a shimmering water.

Press again to enter the Drift2 mode

The brightness of the backlight varies from left to right in an orderly manner, as if the waves are constantly surging.

5. **Page down**: Enter the Stars, Dot. mode

The backlight is like the stars in the night sky. Scintillation speed and quantity can be adjusted according to user's preference.

Press again enter the Flow mode

The backlight runs back and forth in opposite directions.

Press again to enter the Diagonal mode

The backlight runs from top left to bottom right, and from top right to bottom left.

Press again to enter the Sine Wave mode

The backlight is off, a light waving in the form of sinusoidal up and down.

*Any mode can Decrease/Increase Backlit Breathing Frequency.
